

FREMONT

YOUTH SOCCER CLUB

The following expectations and consequences is an agreement between the club members and club coaches, to set the expectation of behaviors around training and games, with the consequences for not complying with the agreement.

expectation #1

all players must bring a ball to practice

if a player does not bring a ball, they will need to sit out individual practice at the start of the session

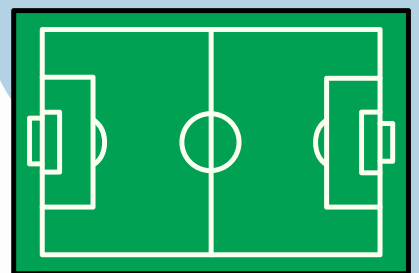

expectation #2

all players must update their game day availability by end of Monday

players who do not update availability will risk being replaced by guest players, and not being able to play

expectation #3

players are to show up at the field on time for game warm ups

players late to warm up will not start the game, this risks the team starting a game with no enough players

expectation #4

player attendance is expected at games, occasional absence is understandable

continued lack of attendance will result in being removed from the team so others can play

expectation #5

players are to wear the full and correct uniform to games

players will not play in the game unless wearing the correct or authorized uniform
